

Remarks

The Present Invention and the Pending Claims

This invention relates to a system intended to keep managers and regulators informed of issues and concerns of lower level workers and managers. More specifically the current invention is a proactive means of enabling and possibly requiring each individual or key individuals in an organization to report critical and routine information to senior managers.

Claims 1-3 are currently pending. Reconsideration and allowance of claims 1-3 is respectfully requested.

Summary of the Office Action

The following marked (x) item(s) cause the amendment document to be non-compliant.

Amendments to the specification:

A. Amended paragraphs do not include markings

Abstract:

B. Other strikeouts and amendments to text are not delineated

Amendment to the claims:

C. Each claim has not been provided with the proper status identifier, and as such, the individual status of each claim cannot be identified.

Other:

Amendments to claims do not include strikeouts and designations of new text.

Amendments To The Specification

The office action states: “**Amended paragraphs do not include markings**”.

In response, the specification has been amended to show amended paragraphs with markings.

The office action further states: **“Other strikeouts and amendments to text are not delineated”**.

In response, the specification has been amended to show strikeouts and amendments with delineation.

A substitute specification is attached herein. No new matter has been introduced in the substitute specification.

Amendment to the claims:

The office action further states: **“Each claim has not been provided with the proper status identifier, and as such, the individual status of each claim cannot be identified”**.

In response the claims are now identified with appropriate status identifiers.

The office action further states **“Amendments to claims do not include strikeouts and designations of new text”**

In response, the amendments to the claims now show strikeouts and new text.

Respectfully submitted,

Date: Sep. 13, 2008
